

IGGI

INTERIOR DESIGN

IN ASSOCIATION WITH SMART FM

A POWERHOUSE OF PROFESSIONAL INTERIOR DESIGNERS

At IGGI Interior Design we have over 20 years of working with private clients to create beautiful luxury interior designs for their homes around the UK and abroad.

Our team of architects, designers and stylists will create a home with you at the heart of the creative process with a range of design services available to you.

OUR DESIGN ETHOS

Shopping trips to London, Paris, Milan and visits to trade shows gives you the opportunity to be inspired and excited by the latest innovations in interior design which we can use in your project.

This allows us to work closely together with you to guarantee that your project is unique and reflects your personal style and requirements.

OUR BESPOKE DESIGN SERVICES INCLUDE:

- Brief, feasibility & design development including curating furniture, textiles, art & antiques through to presentation.
- Working with local authorities to achieve planning permission & listed building consent.
- Plans, technical drawings, mood boards & visuals to reimagine the space.
- Full project management to ensure a seamless installation.

ABOUT IGGI INTERIOR DESIGN

Susan White set up IGGI Interior Design to design homes for private clients with refined and eclectic tastes. Based in Surrey, England, Susan works predominantly around London and the UK and also completed major projects abroad.

Projects have been featured in Telegraph Luxury, Architectural Digest, 25 Beautiful Homes and many more publications.

IGGI provides an uncompromisingly high level of service and the highest standard of design. The Andrew Martin Interior Design Awards have also featured Iggi numerous times.

Ready when you are...

3 Easy steps to transform your home

Step 1: Making contact

We invite you to visit our website at www.smartfm.co.uk/InteriorDesign to fill out a questionnaire.

Following your submission, a representative from IGGI Interior Design will contact you to schedule a complimentary consultation at a time that suits you best.

Step 2: The Design Stage

Initiation of space planning, inclusive of site surveys by both SMART FM and IGGI Interior Design.

Collaboration on design concepts facilitated by the IGGI Interior Design team.

Active participation in design meetings and presentations, where your feedback and thoughts are highly valued.

Step 3: Planning & Installation

Design Development: Identifying strategies for effective implementation.

Procurement & Scheduling: Generation of work schedules and project timelines.

Deliveries & Installation: Responsible for the installation of all furniture and accessories.
